While some Shady Maple Farms products are intended for the world's top chefs, others enjoy consumer distribution in organic or natural food stores, specialty stores, and superstore grocery departments. When surveys revealed consumer's interest in a thicker, richer maple syrup, the company developed a special technology to produce it, without losing any of its inherently nutritious maple qualities. Shady Maple Farms combination of cutting-edge techniques to prevent oxygen formation during processing and innovative packaging materials lets you savour new products that feature exquisite taste, long shelf life, and outstanding quality.

Shady Maple Farms No.1 Medium is a premium, organic maple syrup. It has a crisp clean flavour and bright, clear, golden colour that has consistently won international recognition and awards.
