Superfreakonomics

Stephen J. Dubner, Steven D. Levitt

Superfreakonomics Stephen J. Dubner, Steven D. Levitt

Superfreakonomics--the smash hit follow-up to the remarkable *New York Times* bestselling phenomenon *Freakonomics*--is back in a new full-color, fully illustrated and expanded edition. The brainchild of rogue economist Steven D. Levitt and Stephen J. Dubner that once again brilliantly challenges our view of the way the world *really* works is presented with a new, visual, superfreaky dimension added, enhancing the already provocative thinking about street prostitutes, hurricanes, heart attacks, and other seemingly mundane matters that made *Freakonomics* and *Superfreakonomics* part of the national zeitgeist.

Whether probing the intricacies of sex change operations, the effectiveness of child car seats, or what really motivates people to do good, the Illustrated Edition of *SuperFreakonomics* employs photographs, drawings, and graphs that will lead readers to see the world in a bold, fresh way.

About the Author
Steven D. Levitt, a professor of economics at the University of Chicago, was awarded the John Bates Clark Medal, given to the most influential American economist under forty. He is also a founder of The Greatest Good, which applies Freakonomics-style thinking to business and philanthropy.

Stephen J. Dubner is an award-winning author, journalist, and radio and TV personality. He quit his first career--as an almost rock star--to become a writer. He has since taught English at Columbia, worked for *The New York Times*, and published three non-Freakonomics books.
