Letters, Conversations, Poems Pablo Picasso

Pablo Picasso is the 20th century's most important artist. His writings give an insight into the man and the artist in his own words that is unrivalled. And yet most of it has never before appeared in English. In 2015, for the first time the public will be given access to his journals, letters, interviews, statements and creative writing in English. Pablo Picasso will never be seen in the same way again.

The documentation available is extraordinary, and visually Picasso's writings are as striking as they are richly illustrated.

About the Author

Pablo Picasso was born in Spain in 1881, and went on to become one of the greatest and most influential artists of the twentieth century. He settled in Paris in 1904 and experimented with a number of artistic styles before producing 'Les Femmes d'Alger' (O.J.), a revolutionary work that introduced Cubism to the world. In 1937 he produced 'Guernica', one of his most famous works, as a response to the Spanish Civil War. He later became involved with the Surrealist movement. He remained in Paris throughout the Nazi occupation and died near Cannes in 1973, leaving behind four children and innumerable paintings, sculptures, etchings and ceramics.
